SHARED OWNERSHIP AT CHISWICK GREEN , LONDON W4

About Shared ownership

How it works

Shared Ownership is a government-backed scheme which allows those eligible to purchase a share in a property from an approved provider.

For growing numbers of the population shared ownership is first step onto the property ladder.

Shared ownership allows for the purchase of shares at between 10% and 75% of the value of a property. Rent is paid on the remainder. This is designed to help those otherwise priced out of the property market.

Monthly costs will consist of a mortgage, rent on the share you don't own and a service charge.

The amount you will pay towards your mortgage will be dependent on the value of the share value purchased and the level of deposit paid. Deposits are usually around 5-10%.

Shared ownership usually offers the ability to own up to 100% of the property through a process known as staircasing by incremental purchase of additional shares.

What are the eligibility rules for Shared Ownership?

There are some general eligibility requirements that anyone wishing to buy a Shared Ownership home must meet.

- In London, your annual household income must be less than £90,000.
 - Shared Ownership purchasers are often first time buyers but if you do already own another home, you must be in the process of selling it.
 - You should not be able to afford to buy a home suitable for your housing needs on the open market.
 - You must show you are not in mortgage or rent arrears.
 - You must be able to demonstrate that you have a good credit history (no bad debts or County Court Judgements) and can afford the regular payments and costs involved in buying a home.
-
- Household salary must be less than £90,000
 - First-time buyers or in the process of selling
 - No mortgage or rent arrears
 - Good credit history
 - 5-10% deposit of the share you intend to buy

How it works

Choose one of the 16 apartments available that suits your requirements and budget.

2.

Have your eligibility assessed by reference to your household income and potentially other locally set criteria.

3.

Arrange your deposit, mortgage and conveyancing service and then move into your new shared ownership home!
